

REPORTS**REPORTS****The Traffic Centre must be contacted before any of the following:**

1. The vessel is sailing into an area which is covered by the VTS:
2. The vessel intends to get underway within the area covered by the VTS.
3. The vessel intends to make changes in the voyage already agreed with the VTS, this also applies to the vessel stopping.
4. The vessel has moored or anchored.
5. The vessel has been involved in an accident.

For 1 and 2 above at least one (1) hours notice must be given. For vessels carrying hazardous or polluting liquid cargoes, at least six (6) hours notice must be given. If there is a need for special safety measures for a vessel, regardless of type and whether carrying hazardous or polluting liquid cargoes, at least 24 hours notice must be given.

For 3 and 4 above, where immediate action is required for safety reasons, such action may be taken first and the traffic centre informed as soon as possible afterwards.
